

NEW OPEL GRANDLAND /

Price and Specification Guide | Ireland | October 2023

[GET STARTED >](#)

Customer Notice:

Dear customer,

The enclosed Price and Equipment Guide reflects Irish pricing and specification in normal circumstances.

Please be advised however, Opel is impacted by temporary challenges in the global supply chain, including certain component shortages. Unfortunately, in the first instance, this means some customers may experience significant delays to delivery.

In the second instance, due to the present production challenges, some options for models across the Opel range are unavailable until further notice. Furthermore, Opel may temporarily offer vehicles with substituted equipment or features in place of standard equipment, or may suspend features temporarily.

These are measures taken to secure production of vehicles for customers.

As information becomes available from our manufacturer and working with our partners in the Opel Dealer Network in Ireland, Opel Ireland will endeavour to keep customers up to date regarding the order status and equipment featured on their new vehicles.

CONTENTS

Electric and then some... Introducing the new Opel Grandland SUV. With a bold and pure new design, iconic new Opel vizor front face, pure panel digital cockpit, cutting-edge technology and even more advanced features, the new Opel Grandland is available in plug-in hybrid, petrol and diesel engines. It's simply not your average SUV.

E&OE October 2023. *Fuel consumption figures are determined according to the WLTP test cycle. The fuel consumption you achieve under real life driving conditions and CO2 produced will depend upon a number of factors, including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. Only compare fuel consumption and CO2 with other vehicles tested using the same technical procedures. For more information contact your local Opel Dealer.

PHEV: PERFORMANCE, FUEL ECONOMY AND EMISSIONS

PLUG-IN PETROL ELECTRIC HYBRID PHEV

Electric and then some... The Opel Grandland plug-in petrol hybrid sports an internal combustion engine, combined with an electrical battery to offer the best of all worlds. A zero-emissions vehicle, when needed, it combines power from the petrol engine for maximum performance. An 8-speed electrified automatic transmission system offers smooth transition between gears.

PETROL ENGINE	1.6 225BHP TURBO START STOP	1.6 300BHP TURBO START STOP

PLUG-IN PETROL ELECTRIC HYBRID TECHNICAL SPECIFICATIONS

Electrified Transmission

The 8-speed electrified transmission system is standard and offers a smooth transition between gears. The 8-speed electrified gearbox includes the following content:

- Multi-disc wet clutch replaces removed torque converter.
- Permanent electric motor that transforms electric energy into mechanical drive energy.
- Electric motor installed into the gearbox and petrol engine.
- Comes with intuitive and stylish Automatic gearbox with electric shifter with shift paddles.

Drive Mode Selector

The Drive Mode selector is positioned next to the automatic gearbox with electric shifter and enables drivers to select one of the following:

- Hybrid is the default mode and offers the best of both worlds between controlled fuel consumption and on-road performance.
- Sport Mode, draws on the combined power of the engine and motor for a more dynamic drive.
- Electric activates the electric engine only, for zero CO2 emissions and complete silence.

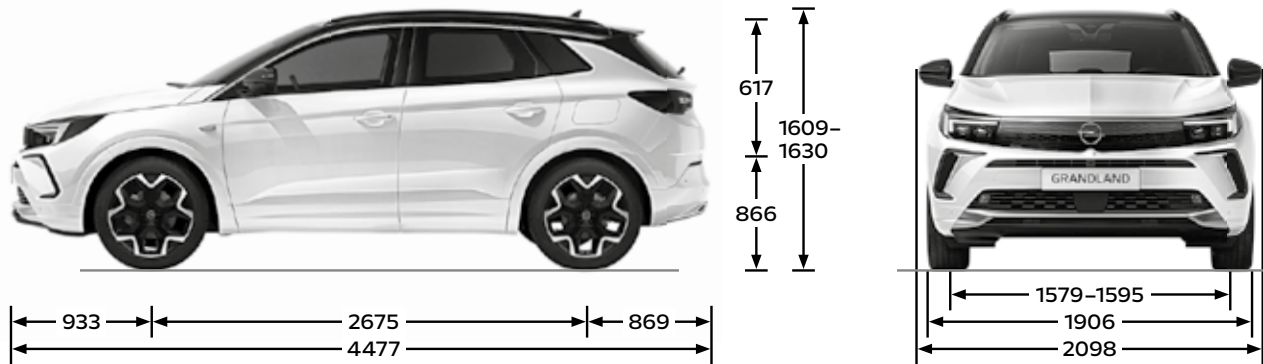

Charging

Grandland Plug-in HYBRID-e range comes with a 3.3kW on-board charger as standard. The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights.

CHARGING	SOCKET	CHARGING TIME (0 - 100%)
AC current - domestic 3 pin socket (2.3kW)	Type 2	5h 45m
AC current - domestic Wallbox or public charger (3.6kW)	Type 2	3h 30m
AC current - domestic wallbox or public charger (7kW)	Type 2	1h 45m
