# elegant functionality on the road

**Dynamic and elegant, the exterior design of Renault Trafic is above all functional. Its right angles optimise loading and make it more practical, and its configuration more straightforward.**

**The C-shaped LED headlights and 30% larger electric-folding door mirrors\* bring a stylish look to the front of Trafic, while also providing greater visibility.**

\* electric folding door mirrors standard from Extra trim.

## optimised load area

**With its class-leading load length of 4.15m using the load-through bulkhead under the passenger seat, and its capacity of towing up to 2.5 tonnes, nothing stops Renault Trafic.**

**The ergonomically designed load area offers of up to 8.9m<sup>3</sup> of volume\*.**

8.9 m<sup>3</sup> of loading volume\*

**The vehicle also features two LED lights in the loading area and the 16 anchorage points\* to maximise convenience.**

## 05. advanced driver assistance systems

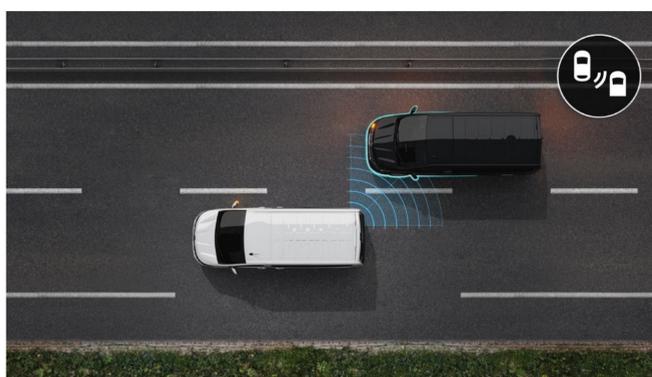

# driving made simple

Drive with complete peace of mind, Traffic will make your journeys safer. A range of advanced driver assistance systems and safety devices allow you to travel with confidence.

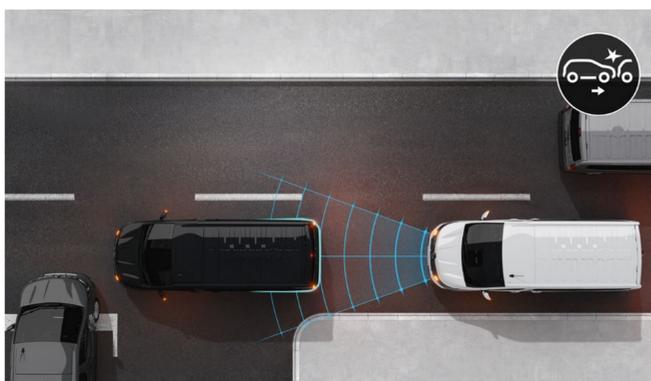

### the 360° parking sensors

Front, rear and side sensors warn you of objects using an audible and visual signal. You no longer need to worry about damaging your bodywork (Standard on Extra Sport).

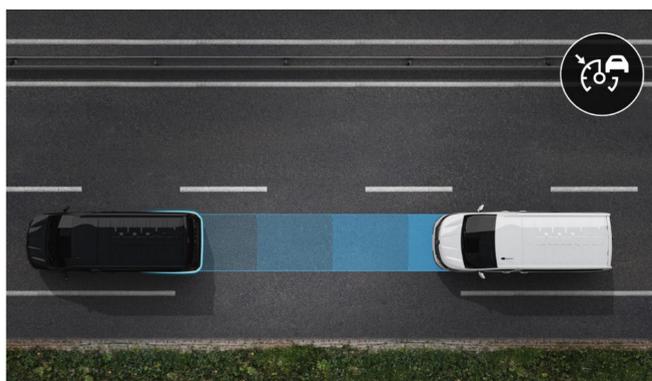

### blind spot warning

This system warns the driver of vehicles in their blind spot and helps avoid collisions when manoeuvring. The driver is alerted by an LED light being activated in the corresponding door mirror (Optional).

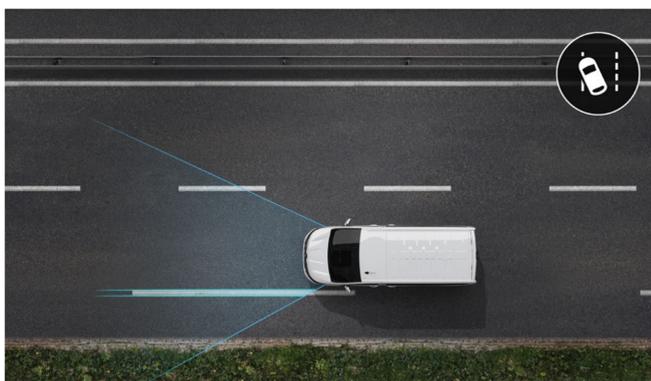

### active emergency braking system

Now standard across the range, this system is able to detect both moving and stationary vehicles. The driver is warned via a visual and audible alert, if the driver doesn't brake or doesn't brake hard enough the system supports with braking.

### adaptive cruise control

This allows you to maintain a safe distance from the vehicle in front. The system applies the brakes when this distance is too short and then accelerates once the road is clear again (Optional).

### lane departure warning

Standard across the range, this system alerts the driver if they cross the central reservation line involuntarily.

we have enhanced the safety and driver assistance systems across the Traffic range, the following features are now standard:

- rear parking sensors
- lane departure warning
- active emergency braking
- tyre pressure detection
- driver attention alert
- front lateral, curtain and front passenger airbags
- traffic sign recognition
